SUMMARY

Frontend Developer with **1+ year of professional experience** building responsive and user-friendly web applications using **React.js**, **Next.js**, and **TypeScript**. Experienced in working with **REST APIs**, reusable components, and modern frontend technologies. Currently expanding my backend skills with **Node.js**, **Express**, and **MongoDB** while contributing to real-world projects. Passionate about writing clean, maintainable code, improving user experience, and continuously learning new technologies.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, Python (Basics), C++ (Fundamentals), SQL

Frameworks & Libraries: React.js, Next.js, Tailwind CSS, Zustand, Material UI

Tools & Concepts: Git, GitHub, Payload CMS, REST APIs, Agile

EXPERIENCE

Jupiter

Jul 2026 – Present

Programming & Tech Instructor (Kids & Adults)

Remote

- Teach programming fundamentals, web development, and problem-solving to kids and adults.
- Design interactive coding lessons and hands-on workshops for different skill levels.
- Review students' projects and provide feedback to improve coding and problem-solving skills.

Byteforce

Jan 2026 – Jul 2026

Frontend Engineer (React & Next.js)

Remote

- Developed and maintained web applications using **Next.js** and **TypeScript**.
- Built reusable UI components with **Tailwind CSS** and improved website performance, **Core Web Vitals**, and SEO.
- Integrated **REST APIs** and collaborated with backend developers to deliver new features.

System Company

Sep 2025 – Dec 2025

Frontend Developer Intern

Remote Training

- Developed frontend features using **React.js** and reusable components.
- Fixed UI issues and improved responsiveness across different devices.
- Worked with **Git**, code reviews, and agile development practices.

PROJECTS

SmartZone (Graduation Project)

2026

Team Lead & Full-Stack Developer

- An award-winning smart university management platform supporting digital transformation through web and mobile solutions.
- Led a team of 5 developers to build a system with **48 features** across **4 web portals** and a dedicated student mobile application.
- Developed key modules including Smart Attendance, AI Chatbot, Student Dashboard, Course Registration, Learning Resources, Surveys, and Administration.
- **Technologies:** React, React Native, Laravel, Tailwind CSS, Axios, REST APIs, Machine Learning, AI Integration.

Circle Investments | Real Estate Platform

[Live Link](#) | [Private Repo](#)

Full-Stack Developer

- A real estate investment platform for browsing verified properties and supporting informed investment decisions.

- Developed responsive property listings, advanced search, filtering, and integrated Next.js API Routes.
- **Technologies:** Next.js (Frontend & API Routes), React, MongoDB, Tailwind CSS.

Business Partners | Financial Consulting Platform

[Live Link](#) | [Private Repo](#)

Full-Stack Developer

- A financial consulting platform helping businesses manage operations and make data-driven decisions.
- Built responsive pages, reusable components, and integrated Next.js API Routes with MongoDB.
- **Technologies:** Next.js (Frontend & API Routes), React, MongoDB, Tailwind CSS.

Speakefy | Learning Management System (LMS)

[Live Link](#) | [Private Repo](#)

Frontend Developer

- An online learning platform offering English courses, personalized learning, and progress tracking.
- Developed responsive interfaces, reusable React components, and integrated REST APIs.
- **Technologies:** Next.js, React, TypeScript, Tailwind CSS, Node.js, Express, MongoDB.

Englischer Academy | Online Learning Platform

[Live Link](#) | [Private Repo](#)

Frontend Developer

- An online English learning platform providing live classes and interactive learning experiences.
- Developed responsive pages, reusable UI components, and integrated REST APIs.
- **Technologies:** Next.js, React, TypeScript, Tailwind CSS, Node.js, Express, MongoDB.

Mindoo | Business Management Platform

[Live Link](#) | [Private Repo](#)

Frontend Developer

- A business management platform that helps companies build structured systems for sustainable growth.
- Developed responsive pages and reusable UI components with a focus on performance.
- **Technologies:** Next.js, TypeScript, Tailwind CSS.

AWARDS & RECOGNITION

- **Best Graduation Project Award (2026):** SmartZone was recognized as the best graduation project at Zagazig University ([University Announcement](#)).
- **Media Recognition:** SmartZone was featured by **Al-Taaleem News** ([News Coverage](#)) and covered by **Ahram Business** ([Ahram Coverage](#)).

CERTIFICATIONS

Full Stack Web Development Using PHP (126 hrs)

Aug – Sep 2025

Information Technology Institute (ITI) | [Certificate Link](#)

- Completed a full stack track covering **Client-Side Technologies, MySQL, Laravel, and PHP**.

SprintUp – Web Development Fundamentals

ID: SPR-P6D045

Sprints | [Certificate Link](#)

- Completed foundational training in web development fundamentals.

EDUCATION

Zagazig University

2022 – 2026

Bachelor's Degree in Information Systems

Egypt

- **Overall Grade:** B+
- **Graduation Project:** SmartZone (**Team Lead**) – **Grade: A+ (Full Mark)**
- **Military Service:** Exempted

LANGUAGES

Arabic: Native Language

English: Professional Working Proficiency (**Technical Communication**)
